Ingredients : 4

- 2 large oranges (peeled) - 10 tbsp elderflower cordial - 4 handfuls of ice - Lemonade (use to top up)

1. Add the ice to the blender jug. Turn the dial to the ICE setting and press AUTO. Make sure the cap is on the lid.
2. Once the programme has finished, pour the crushed ice into 4 glasses.
3. Add the oranges and elderflower cordial to the blender jug. Turn the dial to SPEED 2 and run on AUTO for 30 seconds.
4. Pour the mixture into the 4 glasses and top up with lemonade.
5. Finish with a slice of orange and some rosemary to garnish.

Chef's tip :

To give the drink a bit of zest, add the juice of half a lemon to the blender with the oranges and elderflower.
